RESONANCE SOUND

SOULFUL VOCALS 3 BY KASHA

Too late, Kasha did it again! To complete the trilogy she took her wonderful voice even more to the next level. Delivering Resonance Sound Soulful Vocals 3 these are chill, soft, gentle treats for ambient tunes of all kinds.

Make no mistake, these gems fit in where your creativity can get! Pop music, downtempo, more upbeat and electronic genres - give the demo a spin and fall in love with that voice and feeling just as much as we do.

Vocals with a soul are inviting to sing along, adding that magic touch a great draft song may just be lacking. Put your hands on expertly elaborated construction kits, as usual, containing various versions of spoken and sung elements, entire phrases, and the lyrics themselves. Those little spices like adlibs, double, harmonies, bonus atmos, and fx/dry versions are included as well of course.

All samples are 100% royalty-free, which means you can use them everywhere within your own tracks and releases, commercials, YouTube, radio and more!

Please note – Drums and melodic content in Demo are not included in the pack. This is a vocal and vocal effects pack only.
